South 40

Watch oats for cereal leaf beetles

By JAMES A. SMITH
Extension Agent

There is an abundance of Cereal Leaf Beetle adults on small grain. They are depositing their eggs - need to watch the oats especially close. There may be need to spray in about two weeks. Guthion and Malathion are recommended insecticides.

* * *

If you overseeded clover in tall grass hay fields earlier this year these should be the first fields mowed. The removal of the tall grass gives the younger clover plants a better chance to develop while temperature and moisture are favorable.

* * *

Essentially the same practice should be followed on pastures that were overseeded. Keep the competition grazed down in order for the clover to survive. This might be done by putting a large number of cattle in the pasture for a few days to graze the area hard.

* * *

When the cattle are removed the grass and clover can make regrowth together.

* * *

There may be good reason to harvest barley and wheat as silage this year. At least you can insure a winter feed supply. Don't get in a hurry to harvest. Barley is just emerging from the bloom stage.

These small grains should be harvested when they are in the soft-dough stage. Check the fields regularly in the coming days.

* * *

We've experienced a delay in soil testing as we always do in the spring. The lab is currently testing 800 samples a day, and there was a two week backlog as of April 20. This year 41,200 samples have been tested.

* * *

A number of Alfalfa growers are using Furadan for Alfalfa weevil control. There are three recommended rates - study the label carefully before spraying. There are other insecticides that also do a good job - guthion, imidan, penneap-M and supracide. The label indicates the amount of time that must elapse before re-entering the field or harvesting the hay.

* * *

It will pay to check soil temperature before seeding soybeans; it should read 65° to insure proper germination. Soybeans put into a cold soil will go through a thermal shock which will inhibit germination.

* * *

Blue mold has been found in Florida and Tennessee plant beds where Ridomil was not used.

Virginia Advisory for blue mold - If Ridomil was not used in the plant bed, growers are urged to apply a protective fungicide at least twice a week.

As we move towards field transplanting - growers are advised to use a preplant treatment of Ridomil.

* * *

The second Lynchburg Feeder Cattle Sale averaged $66.66 for steers and $56.57 for heifers. This compared with $66.36 and $61.63 two weeks earlier.

* * *

The April 1 Cattle-on-feed report shows cattle numbers down 4% from a year ago in the 23 major feed-lot states.

* * *

Watch for an announcement of a Forestry tour here on May 28. Plan to participate in this educational event.

* * *

Four commercial pesticide certification worshops have been scheduled. If you need to get certified plan to attend one of the programs. The Core Manual can be obtained from this office. Dates are: Va. Tech May 27, Charlottesville June 30, Petersburg July 1 and Front Royal August 25.

* * *

Timber Mart South reports average prices of standing timber as follows for our area of the state: Saw Timber, A Type - $86; Saw Timber, poplar - $67; Saw Timber, oak - $53; Saw Timber, mixed Hard wood - $43; Peeler logs, S. Y. Pine - $116; Veneer logs, poplar - $123; Poles, S. Y. Pine - $175; Pulpwood, Pine - $8.50; Pulpwood, Soft-hardwood - $4.00; Pulpwood, Hardwood - $4.00.

Forestry tour set

On Thursday, May 28 a day-long educational forestry tour will be held in Appomattox County. It will feature in-the-woods talks on forest management for greater income, wildlife and other multiple use considerations and timber sale procedures for the landowner. A timber utilization talk will be highlighted by a visit to a local sawmill. Forest management, forest tax, wildlife and timber utilization specialists will be on hand to answer questions. Contact your extension agent or county forester for details.

Coffee slated at APS Tuesday

All parents who presently have second grade children at Appomattox Primary School are invited to a coffee on Tuesday, May 19, 1981, beginning at 9:00 a.m. in the Appomattox Elementary School library. The purpose of this meeting will be to introduce third grade teachers, discuss the curriculum, and to tour the building. The teachers and principal will be looking forward to answering your questions and explaining our exciting program on this date.

Quotas released

By TOM CONRAD

USDA announces 1982-crop wheat marketing quota of 2,459 billion bushels - A 1982 national wheat marketing quota of 2,459 billion bushels was announced recently by Secretary of Agriculture John R. Block.

The announcement is required under permanent legislation which has been suspended through the 1981 crop by the Food and Agriculture Act of 1977. Block said Congress may repass a new law to once again suspend the permanent legislation, in which case recent announcement will be rendered moot.

To become effective, marketing quotas must be approved by two-thirds of the producers voting in a referendum held not later than Aug. 1. If approved, quotas would limit the quantity of wheat which a producer could market without penalty. The date for this referendum will be announced later, if necessary.

The U.S. Department of Agriculture is required to announce a national wheat marketing quota whenever it is determined, based on a formula in the Agricultural Adjustment Act of 1938, that--in the absence of quotas--the supply of wheat would be in excess of demand. Block said USDA has made such determination for the 1982 wheat crop.

Block said no further announcement is being made now on other marketing quota aspects of the 1982 wheat program because the expected new legislation would make these announcements unnecessary. If it becomes necessary to make further program announcements concerning marketing quotas for the 1982 crop, they will be made before the referendum is held and will include:

--the national wheat acreage allotment;

--apportionment of the national wheat acreage allotment to the states; and

--designation of commercial wheat-producing areas.

In 1977, a similar situation arose and a 1978 national wheat marketing quota was announced, but the required referendum was postponed by special legislation. The Food and Agriculture Act of 1977, enacted Sept. 29, 1977, suspended marketing quotas through the 1981 crop.

Acreage reports being taken - Under the 1981 wheat and feed grain programs, crop reports are needed on only wheat, barley, corn and grain sorghum. Wheat and barley must be reported by June 1 and corn and grain sorghum must be reported by June 30.

By filing a timely and accurate report participants will be eligible for disaster and deficiency payment if they are required.

The ASCS office is currently accepting acreage reports. Stop by the office to file the next time you are in town.

St. Luke news

Our church is a sanctuary, where the sorrowing may find comfort. A church in the heart of the community seeking to lift its people's heart up to God.

This was well demonstrated as a large group of friends and members attended the regular 1st Sunday preaching services. Rev. J. E. McLaughlin was present along with Rev. A. Jones. After a very good Sunday School lesson, the 11:00 a.m. services was begun. The Adult Choir gave music relative to the pre Mother's Day occasion. Rev. McLaughlin's text was taken from Luke 2. Subject, "Who Is Keeping Me?" He brought out the fact that all christians should keep Jesus always in life to guide an keep them. This was well taken. The Junior Ushers were at their post and carried out their duty beautifully.

The ill members that has been on the sick list was able to be present to the services. Namely Mr. Henry Hamlett, Deacon Samule Hunter, Mrs. Edith Jones, and Mrs. Orie Elliott.

The Rev. Alvin Jones and the St. Luke Adult Choir will be with the beautiful Zion Baptist Church May 10 for Mother's Day services at 3:00 p.m.

On May 9, Sat. there will be a Sermonette sermon at the St. Luke Baptist at 6:00 p.m. Benefit of Pastor's Aid society. Please come.

May 17 at 11:00 a.m. Family Day will be observed at the St. Luke Baptist Church. The guest will be the Rev. Jessie S. Smith and his Junior Choir from New Shalloh Baptist Church, Camden, North Carolina at 11:00 a.m. Repass will be served in the dining area. At 4:00 p.m. the same choir will give a musical concert. Please come and enjoy with us this wonderful occasion. You wil be glad that you did.

The Baptist Cornerstone Sunday School Convention will meet at the Hat Creek Church Friday p.m. the 15th at 7:00. Sing A Rama will be given, for benefit of the convention on Sat., May 16 at 9:30. The session of the one day service will begin. Asking all schools to please send a representative. Helping to build up a good convention, Rev. J. Cahell, president, Rev. Alvin Jnes, vice president, Mrs. L. M. Canada, secretary. Shall we look for you there?

The Maggie Claytor Senior Club will meet with Mrs. Teresa Mason Monday, May 11 for its work meeting.

On May 10 at 6:00 a song service will be given at the Hat Creek Baptist Church for the benefit of the Senior Club that is trying to set up a center for meeting purposes for work. Please come. Mrs. Louise Canada, leader, Mrs. Stella Hunti, assistant leader.
